Increase the Economic Value of Your Recruiting Platform by **$70M**

Scheduling 1 interview can take as long as

2 hrs

56% of businesses employ a recuiting coordinator solely to manage interview scheduling.
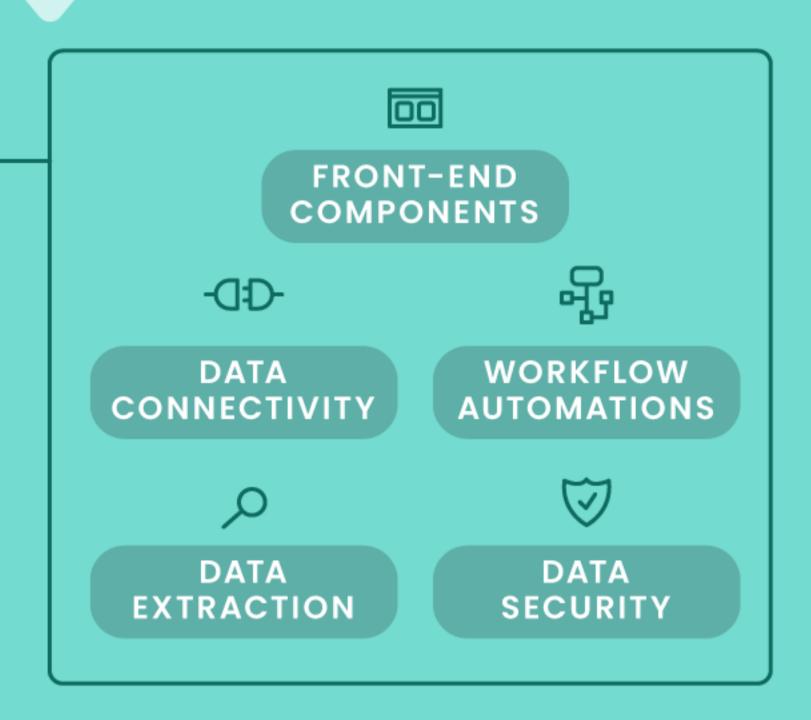

The average recruiter spends up to

8 hrs every week

on manual administrative tasks

Deploying a Productivity Infrastructure Solution

can reduce that time by

20%

{ 416 hrs per year }

FRONT-END COMPONENTS

DATA CONNECTIVITY

WORKFLOW AUTOMATIONS

DATA EXTRACTION

DATA SECURITY

That saves users

$7,358

in labor costs

per recruiting coordinator, per year, on average

X 10,000 recruiter users =

$74M

in economic value
